Dear Mr. Frazier:

Re: Humble #1 Navajo 138  
SE NW 6-35N-30E Apache County, Arizona  
Permit 388

Please be advised that this commission has not received the gas/oil ratio report (Rule 301) as yet. Will you please submit this at your earliest convenience.

Re: Humble #1 Navajo 140  
SE NE 8-35N-30E Apache County, Arizona  
Permit 393

We have received notice that operations on captioned well, which you indicated is a helium well, will be temporarily suspended.

Please be advised that should Humble decide to keep this as a shut-in helium well it will be necessary that 640 acres be dedicated to this well (Rule 105.B) and that an application for an unorthodox location (Rule 105.D) be made prior to production.

I would further remind you that should work be suspended on this well in excess of 60 days, Rule 202.B would become applicable. Of course if this well is completed and then shut-in this latter step will not be necessary.
